| Science           | <b>Animal Nutrition and the Skeletal System</b><br>This project teaches children about the importance of nutrition for humans and other animals. They learn about the role of a skeleton and muscles and identify animals with different types of skeleton.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                               | <b>Forces and Magnets</b><br>This project teaches children about contact and non-contact forces, including friction and magnetism. They investigate frictional and magnetic forces, and identify parts of a magnet and magnetic materials.                                                                                                                      |                                                                                                                                                                                                                                           | <b>Plant Nutrition and Reproduction</b><br>This project teaches children about the requirements of plants for growth and survival. They describe the parts of flowering plants and relate structure to function, including the roots and stem for transporting water, leaves for making food and the flower for reproduction.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  | <b>Light and Shadows</b><br>This project teaches children about light and dark. They investigate the phenomena of reflections and shadows, looking for patterns in collected data. The risks associated with the Sun are also explored.           |
| Art & Design      | <b>Contrast and Complement</b><br>This project teaches children about colour theory by studying the colour wheel and colour mixing. It includes an exploration of tertiary colours, warm and cool colours, complementary colours and analogous colours, and how artists use colour in their artwork.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | <b>Prehistoric Pots</b><br>This project teaches children about Bell Beaker pottery. It allows the children to explore different clay techniques, which they use to make and decorate a Bell Beaker-style pot. | <b>Ammonite</b><br>This project teaches children about artistic techniques used in sketching, printmaking and sculpture.                                                                                                                                                                                                                                        | <b>People and Places</b><br>This project teaches children about the genre of figure drawing. They study the figure drawings and urban landscapes of the artist LS Lowry and create artwork in his style to show scenes from their school. | <b>Beautiful Botanicals</b><br>This project teaches children about the genre of botanical art. They create natural weavings, two-colour prints and beautiful and detailed botanical paintings of fruit.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | <b>Mosaic Masters</b><br>This project teaches children about the history of mosaics, before focusing on the colours, patterns and themes found in Roman mosaics. The children learn techniques to help them design and make a mosaic border tile. |
| Design Technology | <b>Cook Well, Eat Well</b><br>This project teaches children about food groups and the Eatwell guide. They learn about methods of cooking and explore these by cooking potatoes and ratatouille. The children choose and make a taco filling according to specific design criteria.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |                                                                                                                                                                                                               | <b>Making It Move</b><br>This project teaches children about cam mechanisms. They experiment with different shaped cams before designing, making and evaluating a child's automaton toy.                                                                                                                                                                        |                                                                                                                                                                                                                                           | <b>Greenhouse</b><br>This project teaches children about the purpose, structure and design features of greenhouses, and compares the work of two significant greenhouse designers. They learn techniques to strengthen structures and use tools safely. They use their learning to design and construct a mini greenhouse.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                   |

| Geography | One Planet, Our World<br>This essential skills and knowledge project teaches children to locate countries and cities, and use grid references, compass points and latitude and longitude. They learn about the layers of the Earth and plate tectonics and discover the five major climate zones. They learn about significant places in the United Kingdom and carry out fieldwork to discover how land is used in the locality.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                                | <ul style="list-style-type: none"><li>Classify, compare and contrast different types of geographical feature.</li><li>Describe how a significant geographical activity has changed a landscape in the short or long term.</li><li>Describe the activity of plate tectonics and how this has changed the Earth’s surface over time (continental drift).</li><li>Describe the parts of a volcano or earthquake.</li><li>Name and describe properties of the Earth’s four layers.</li><li>Explain the physical processes that cause earthquakes.</li><li>Locate significant places using latitude and longitude.</li><li>Name and describe the types, appearance and properties of rocks.</li><li>Name and locate significant volcanoes and plate boundaries and explain why they are important.</li><li>Use the eight points of a compass to locate a geographical feature or place on a map.</li></ul> |                                                                                                                                                                                                                                                                                                                              | <ul style="list-style-type: none"><li>Use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied.</li></ul>                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                              |
